LIME
EXPORT

A thoughtful approach to bathroom products.

The bathroom is one of the most personal spaces in a building. It is also a space where every choice matters: the form of a basin, the function of a fitting and the details that bring the whole room together.

LIME was created to bring bathroom products together under one clear brand, making it easier for business buyers to explore a range and communicate what they need.

Our catalogue spans sanitaryware, wash basins, faucets, fittings and accessories. We aim to make product discovery straightforward and business enquiries clear, so buyers can focus on selecting the right products for their market and projects.

Let's start
with what you exactly need.
